PROFESSIONAL SUMMARY

Motivated and detail-oriented Software Developer (B.E. candidate) with hands-on experience in fullstack web development, API development, and database management. Proficient in Java, C++, JavaScript, Python (Flask), and responsive web design. Passionate about building scalable, user-centric applications and eager to contribute to innovative software development teams.

TECHNICAL SKILLS

Languages:

Java, C++, JavaScript, Python, SQL

Frontend:

HTML, CSS, JavaScript, Responsive Design

Backend:

Flask, REST APIs,

Databases:

MySQL

Tools:

Wordpress, Git, GitHub, Figma

Soft Skills:

Problem-Solving, Communication, Teamwork, Agile Collaboration

EXPERIENCE

Full Stack Development Intern — GAOTek Inc.

Aug 2025 – May 2026

- Developed and deployed full-stack web application features using HTML, CSS, JavaScript, and Flask, reducing page load time.
- Built and integrated RESTful APIs enabling seamless front-end to back-end data communication across 5+ application modules.
- Optimized MySQL queries for faster record retrieval.
- Collaborated in an Agile development environment, participating in sprint planning and code reviews.

PROJECTS

Placement Portal

- Built a full-stack web platform connecting students with recruiters, featuring job postings, application tracking, and role-based dashboards.
- Reduced placement coordinators' manual data through an integrated application tracking and status management system.

Construction PDF Redactor

- Built a web application to detect and redact sensitive information from construction-related PDF documents.
- Implemented PDF parsing and text-matching functionality to identify and mask confidential data across multi-page files.
- Developed a responsive interface for uploading, previewing, and downloading redacted PDFs.
-

VENDOMART — E-Commerce Platform

- Developed an e-commerce web application with product listings, cart management, user authentication, and order tracking features.
- Built backend APIs for handling inventory management, user sessions, and order processing.
- Designed responsive frontend pages to provide a smooth shopping experience across devices.
-

Dental Clinic Management System

- Developed a clinic management system for handling patient records, appointments, and billing operations.
- Implemented appointment scheduling and invoice generation features to simplify clinic workflows.
- Added conflict-checking functionality to avoid overlapping appointments and improve record management.
-

Portfolio Website

- Designed and developed a responsive personal portfolio website to showcase projects, skills, and experience.
- Integrated smooth animations and interactive visual effects to create a modern user interface.
- Optimized the website for better responsiveness and seamless performance across devices.

EDUCATION

B.E. in Computer Engineering
Savitribai Phule Pune University, Pune, Maharashtra
B.Sc in Data Science
IIT Madras

2023-2027

Ongoing

ACHIEVEMENTS & ACTIVITIES

- ACES Department Head.
- College Football Team Captain.
- Completed 3+ full-stack software development projects during academic tenure demonstrating end-to-end development skills.
- Earned internship at GAOTek Inc. and successfully delivered production-ready features within defined sprint cycles..
- Participated in college-level hackathons and coding competitions, developing competitive problem-solving skills.
- Active contributor to team-based academic projects, consistently recognized for communication and collaborative development skills.
